TRAINING COURSES FOR THE MARITIME INDUSTRY

Azimuth Nautical Solutions offers a comprehensive series of ISM/ISPS continuing professional development programmes, management awareness courses and STCW 2010/OPITO training course provision to the international maritime industry, in conjunction with our partners.

With increasing regulation, compliance issues and safety concerns, training is becoming even more critical and Azimuth can assist superyachts, ships and ports to remain safe, secure and compliant.

The courses can often be tailored to suit specific customer requirements and can be delivered at your premises, onboard or at any other suitable location worldwide.

Azimuth Nautical Solutions Ltd. specialises in compliance-related consultancy services and maritime training courses for the superyacht, shipping and ports sectors. Our portfolio includes ISM/ISPS audits, SMS development and project management services, as well as courses in ISM safety management, ISPS security management and maritime management.

All of our trainers are experts in their respective fields, with many years of experience in the maritime sector; at sea, as surveyors / inspectors and in senior roles ashore. Azimuth can provide tailored courses to help improve safety, security and overall compliance. We currently provide training solutions to Flag State administrations, shipping companies, seafarers, legal and insurance firms and other maritime sectors.
