

ISM CODE INTERNAL AUDITOR

This 2-day ISM Code Internal Auditor training course is aimed at individuals who will be involved in the internal audit of the ISM Code Safety Management System (SMS) within the company they work for.

Successful completion of the course will give delegates the skills they need to undertake an effective internal audit.

Recognised by the Nautical Institute, the course includes a copy of the ISM Code and a Maritime Auditor Training Guide with associated audit templates.

The course is suitable for sea-going and office-based staff and can be delivered at company premises or another suitable training facility worldwide.

COURSE OBJECTIVES

- To Identify key themes in risk, safety management and how audits support the development and continual improvement of Company Safety and Environmental Management System
- Understand the purpose and benefits of a good audit; Understand the use of standard auditing techniques
- Able to write effective non-conformity audit reports and summaries
- Understand the importance of resolving non-conformities and verification of corrective actions.
- Understand ISM audit verification requirements

COURSE BENEFITS

- Individuals will have a good understanding of the ISM Code, its importance, and their role within it
- Individuals will be actively involved in the ongoing evaluation and development of the SMS
- The company will have a good understanding of the effectiveness of its SMS ahead of Flag or Port State Control (PSC) inspections
- Delivered by experts with International safety and security management, compliance and verification experience in an engaging interactive style with a variety of related scenario case study workshops exercises

Azimuth Nautical Solutions Ltd. specialises in compliance-related consultancy services and maritime training courses for the shipping, superyacht and ports sectors. Our portfolio includes ISM/ISPS audits, SMS development and project management services, as well as courses in ISM safety management, ISPS security management and maritime management.

All of our trainers are experts in their respective fields, with many years of experience in the maritime sector; at sea, as surveyors / inspectors and in senior roles ashore. Azimuth can provide tailored courses to help improve safety, security and overall compliance. We currently provide training solutions to Flag State administrations, shipping companies, seafarers, legal and insurance firms and other maritime sectors.
