

DESIGNATED PERSON ASHORE (DPA)

This 3-day ISM Designated Person Ashore (DPA) course meets the requirements of IMO's MSC-MEPC.7/Circ.6, which provides guidance on the qualifications, training and experience necessary for undertaking the Designated Person(s) role under the ISM Code.

The course is aimed at individuals, newly promoted Designated Person(s), current Designated Person(s) role holders who are required to update their training, and other shore-based professionals requiring knowledge of the Designated Person(s). On successful course completion, delegates will receive a Designated Person(s) training certificate that fulfils the Nautical Institute's recognition standards for continuous professional development.

COURSE OBJECTIVES

Delegates will have a more enhanced knowledge of the ISM Code in relation to the role, responsibilities and all aspects of the Designated Person(s), including:

- Context and interpretation of the ISM code; Issues and common problems for the Designated Person(s)
- Understanding Human Factors and ISM; Effective Performance Management and KPIs
- Appreciating Legal Issues and Self-Preservation
- Effective Audit Requirements and Techniques; Effective ISM Reporting, Analysis and Corrective Actions
- Effective Risk Management; Effective Management of Change

COURSE BENEFITS

Delegates will have a good understanding of the ISM Code, its importance, and their role and responsibilities of Designated Person(s) within it, including:

- Associated International requirements and best management practices
- Who will be actively involved in the ongoing evaluation, continued improvement and development of a Company Safety and Environmental Management System
- Providing the Company with the ability to establish the effectiveness of a Company Safety Management System ahead of external verification by Administrations or Port State Control
- Delivered by experts with International safety and security management, compliance and verification experience in an engaging interactive style with a variety of security and safety-related scenario case study workshops exercises

Azimuth Nautical Solutions Ltd. specialises in compliance-related consultancy services and maritime training courses for the shipping, superyacht and ports sectors. Our portfolio includes ISM/ISPS audits, SMS development and project management services, as well as courses in ISM safety management, ISPS security management and maritime management.

All of our trainers are experts in their respective fields, with many years of experience in the maritime sector; at sea, as surveyors / inspectors and in senior roles ashore. Azimuth can provide tailored courses to help improve safety, security and overall compliance. We currently provide training solutions to Flag State administrations, shipping companies, seafarers, legal and insurance firms and other maritime sectors.
